

Seminar in Leipzig

Leipzig, Germany

Max Richter

For the second time, we present the Seminar as a Weekendsession in Halle and Leipzig. The expectations have been confirmed: We get into a deeper contact with the participants.

On Friday, we invite for a pub evening, and on Saturday we have many breaks to socialize and a lunchbreak for one whole hour. Afterwards the Seminar "Successful Relaxation" takes place, accompanied by cakes and coffee. Almost no one wants to miss it...

Last weekend we had the Seminar in Halle. There were only 34 participants but 9 of them wanted to join Campus (the group already consists of 20 men!) and 2 want to attend the Alpha-Course. That was quite thrilling.

I really enjoy the Seminar being held by mostly students. That's always very likely to the participants. Next weekend (27./28. Oct.) Leipzig will be our next destination.{moscomment}
