

Gott working in Deutschland

Dear Friends

Uli Täuber, NCD, Germany, has very good News:

“This month the German Campus staff came together for a meeting and looked back to the past semester.

We collected from what God has done in the several Campus groups. We know from 8 students who came to Christ in the last months! One key was that they had good relationships to Christians.

Thank god for these new members in His family!”

From February 24 – March 3 the Student ministry from Switzerland is having a ski-retreat in the alps. We pray for life-changing moments in the hearts of every participants.

Be blessed

Urs Wolf, NCD Switzerland
