

## Story from Ruanda

Dear Friends

Greetings from Ruanda. Yesterday we did Effective study seminar for the first time in Kigali, Ruanda. More then 300 students attended and gave very good feedbacks. The academic director said that this seminar should be part of the curriculum of the universtiy.

Today Thursday we teach the seminar at another universtity in Kigali, and on Friday and Saturday 130 professors, Campus staff and key disciples from Burrundi, Kongo and Ruandas are attending the multiplication training. Some of them will give the seminar next week.

Thanks for praying for all the participants, and that Effective Study strategy can help to win multiplying disciple in Africa.

Urs Wolf, NCD Switzerland
